Dear Members of the Ethics Board of Saratoga Springs,

Since I met with you on Thursday, January 14, Saratoga Hospital has contacted me again.

An email from Amy Raimo, Executive Director, Foundation, Saratoga Hospital states, *after continued conversation on our end, we believe that we need to be just as committed to protecting our own reputation. Angelo (Calbone) and I decided that we should not pursue a working relationship with you or your firm at this time. To that end, let's agree to re-visit this in the future.*

I, therefore, have no plans to work for the Saratoga Hospital Foundation at this time.

Sincerely,

Joanne D. Yepsen

Mayor
